

How to take a Survey

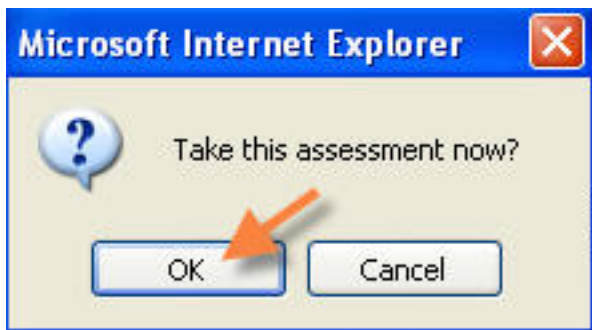

Surveys are another type of assessment in Blackboard. Unlike Tests, however, surveys are, by definition, anonymous.

Your instructor can tell whether you have taken a survey but can not tell how you answered particular questions. Surveys are not graded.

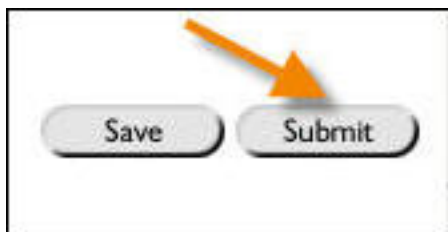

Surveys can be used for evaluations or polling.

To take a survey:

- Click on the link associated with the survey. The link can be found in any content area.
- Click OK

- When you have finished the survey, scroll to the bottom and click Submit in the bottom right-hand corner.

- Be sure and Click Ok to confirm your survey submission
