CUSTOMIZED ACLS PROVIDER REFRESHER

COURSE DESCRIPTION:

Tailored to meet the needs of your agency's busy training schedule, this one day course will update the student with instruction in Advanced Cardiac Life Support. The program is the same high quality ACLS course the Oakland EMS Academy currently offers but has the flexibility to be taught at a facility determined by your organization.

The student will receive both didactic and case based scenarios within an interactive learning environment. Successful completion of the course will result in the student being credentialed as an ACLS provider for two years through the American Heart Association. Students must hold or obtain current AHA BLS for Healthcare Providers or Red Cross Professional Rescuer CPR certification prior to class.

The fixed cost includes all instruction, books, cards and other ancillary materials for an ACLS course. To meet AHA guidelines for instructor/student ratios, there is a maximum of **six participants** allowed in the course. Please call for information regarding multiple or simultaneous courses.
