

OCC NURSING CAREPLAN GRADING TOOL (1530)

Student Name: _____

Course: _____

Faculty Name: _____

NCP #: _____

Grading Scale: 1=Unsatisfactory
2=Satisfactory
3=Above Average

GRADING CRITERIA	CLIENT:
<p>ASSESSMENT Is appropriate priority data evident? Is highlighting & clustering of abnormal data evident? Is the assessment data comprehensive?</p>	
<p>SUPPORTIVE DATA: Are the medications accurate, complete? Is the Patho relevant and referenced? Are the diagnostics and labs correlated to the client's patho and treatment plan? Have lab trends been analyzed? Is the Discharge Planning realistic and comprehensive?</p>	<p>Medications</p> <p>Pathophysiology</p> <p>Diagnostics and Labs</p> <p>Discharge Planning</p>
<p>MASTER PROBLEM LIST/MAP (MPL/MPM) Is the NANDA list comprehensive? Does the list reflect the actual client database? Is there a NOC with 2 indicators for each NANDA? Are appropriate PC's identified? Is the MPL/M list prioritized as high-medium-low?</p>	
<p>NURSING DIAGNOSIS Was the priority diagnosis identified? Was correct 1-2-3-part NANDA format used? Is the etiology amenable to nursing interventions? Are the aeb's congruent with the NANDA defining characteristics? Are the aeb's specific and detailed?</p>	<p>NANDA _____</p>
<p>OUTCOMES Is the priority NOC identified? Is the correct 5-pt. Likert scale(s) evident? Are there a minimum of 4 word indicators? Have the indicators been made measurable and specific? Are the indicators congruent with the aeb's? Has a target outcome date and rating been established?</p>	<p>NOC(S) _____</p>
<p>NURSING ACTIVITIES Has the priority NIC been identified? Does the NIC contribute to NOC achievement? Are their sufficient and comprehensive activities to contribute to NOC achievement? Have activities been made specific and time oriented? Are activities clustered: Assess/Treat/Teach? Is rationale evident and referenced?</p>	<p>NIC(S) _____</p>
<p>EVALUATION Is the initial and follow up client function documented? Has the client outcome progression been evaluated? Is there a plan for continued care based on the evaluation?</p>
