HTI Healing Touch Certificate Program™

The HTI Healing Touch Certificate Program™ is a multi-level course of study in energy-based therapy that moves from beginning to advanced practitioner and is complementary to health care. The program incorporates a variety of energy-based modalities that are sequenced in Levels 1 through 5, allowing participants to progress from beginner to practitioner. Students receive a certificate of completion at each level. Upon completion of levels 1-5 and additional requirements, students are eligible to apply for certification through Healing Touch International, Inc. Instructor Training prepares the individual to become an instructor.

Each level in The HTI Healing Touch Certificate Program™ includes both didactic and experiential learning in which participants practice and share experiences using energy-based healing techniques. In addition the program encourages the developing practitioner to enhance skills and knowledge through recommended readings and practice sessions. There is also a strong commitment to personal growth and knowledge of holistic health principles.

Target Audience

The HTI Healing Touch Certificate Program™ is a nursing continuing education program for registered nurses, health care professionals, body-oriented therapists, psychotherapists or other licensed health care professionals and individuals who desire an in-depth understanding of healing work that uses energy-based concepts.
