October 12, 2021

Members of the Board of Trustees, and
Citizens of Oakland Community College District

The Annual Comprehensive Financial Report of Oakland Community College for the fiscal years ended June 30, 2021, and June 30, 2020, is hereby submitted. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the College. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the net position and changes in net position of the College. All disclosures necessary to enable the reader to gain an understanding of the College's financial activities in relation to its mission have been included.

Plante & Moran, Certified Public Accountants, have issued an unmodified opinion on Oakland Community College's financial statements for the years ended June 30, 2021 and 2020. The independent auditor's report is located at the front of the financial section of this document.

The Management Discussion and Analysis (MD&A) immediately follows the independent auditor's report. The MD&A provides a narrative introduction, overview, and analysis of the basic financial statements and a detailed discussion of the College's fiscal year 2021 financial performance, as well as comparisons to fiscal year 2020 and 2019. The MD&A complements this letter of transmittal and should be read in conjunction with it.

The last quarter of 2020 and the fiscal year 2021 were challenging due to the pandemic. From the governor's initial stay-at-home order on March 24, 2020, and throughout the next sixteen months, the College quickly transitioned and sustained a mostly remote learning environment. Our faculty and staff responded by utilizing our technology resources, providing continuation of student instruction, all student services and accounting operations.

We strive for fiscally responsible planning for our immediate and future needs and during the pandemic this goal did not waver. We continue to exercise fiscal prudence, to maintain a healthy financial condition, and have minimal debt while maintaining our commitment to academic excellence. This report consists of management's representations concerning finances of the College. To provide a reasonable basis for making these representations, the College maintains an internal control framework designed both to protect the College's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the College's financial statements. The College's framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatements. To the best of our knowledge and belief, this financial report is complete and reliable in all material aspects.

The College has a five year budget and financial forecast, which guides and assists in planning for a sustainable future. These forecasts are integrated into the College's academic planning to support student success and institutional growth. The College feels it is also important to budget and forecast information for the College's non-operating funds. Proactively planning for designated reserves and capital infrastructure outlays will enable the College to meet its financial obligations, as well as continue to maintain our facilities across five campuses and our administrative district office for decades to come. The College has in place a financial reserve policy that was adopted by the Board of Trustees and is meant to ensure financial sustainability for future years, while addressing the operating and capital needs of the College.

Despite the pandemic, the College remains focused on student success and community need while maintaining a financially sustainable organization. Since OCC opened its doors, we have provided education to more than one million students. As the largest higher education institution in Oakland County, we have a profound impact on our community. We are encouraged by the continued dedication of our faculty, administrators, staff and the Board of Trustees to make Oakland Community College a great place of higher education. OCC is committed to empowering student success and advancing our community.

PROFILE OF THE COLLEGE

The Oakland Community College District (“the College” or “OCC”) was established by the electorate of Oakland County, Michigan, on June 8, 1964. The area served encompasses approximately 900 square miles and has an assessed valuation of over \$25 billion. The county contains 28 public school districts with 45 public high schools. In addition, there are 37 non-public high schools in the district. With an estimated population of 1.24 million people, Oakland County is home to a mix of urban and rural communities, encompassing 62 cities, villages and townships, including 32 downtown areas and many scenic natural settings.

The College opened in September 1965, with a record community college initial enrollment of 3,860 students on two campuses - Highland Lakes, a renovated hospital in what was Union Lake, and Auburn Hills, a former Army Nike missile site in what was Auburn Heights.

The Orchard Ridge Campus, with its award-winning architectural design, opened in Farmington Hills in September 1967. First housed in leased facilities in Oak Park, the Southeast Campus System expanded through the purchase and remodeling of buildings at a second site in Royal Oak. In 1980, the Oak Park facilities were replaced by a new campus in Southfield. The Royal Oak buildings were replaced by a new campus complex which opened in the fall of 1982.

Since 1964, over 1 million students have attended OCC, with nearly 100,000 degrees and certificates granted. Students receive a quality education that either prepares them for employment in diverse, in-demand fields, or starts their path toward other academic achievements and lifelong learning goals. Currently, OCC offers just over 100 certificate and degree programs reflecting in demand occupations in Oakland County, and provides unique academic, cultural and social experiences on each of its five campuses. Oakland Community College has become a source for community development and engagement since opening its doors more than 50 years ago providing a high quality, affordable higher education opportunity to our community.

OCC’s dedicated faculty and staff are committed to providing academic and developmental experiences that will allow each student to reach their full potential and enhance the diverse communities they serve. OCC is a caring College that values innovation, strong student outcomes, high-quality service, and professionalism, at an affordable price.

In 1966, the Community Colleges Act helped institutions such as OCC define their mission. In the fall 2018 OCC redefined its mission statement to be succinct and focused.

How the College Supports its Mission/Strategic Planning

Oakland Community College is committed to empowering our students to succeed and advancing our community. Our Strategic Plan provides a roadmap for advancing the College and recognizes that our students, our staff, and our community are all essential partners in our collective success. In alignment with the College's Mission, Values, and Vision, the Strategic Plan advances Strategic Directions and Strategic Objectives to create an inclusive and action-oriented model of college advancement.

The following summary illustrates the current hierarchy of language.

Mission. Why an organization exists and what its purpose is. A mission is an enduring and limitless pursuit.

Values. Based on what is already important and built upon passion and conviction.

Vision. Defines what the organization will look like in ten years.

Strategic Direction. Broad areas of interconnected organizational centers.

Strategic Objectives. The most important objectives that will best move an organization toward its vision.

Action Plan. A well-defined program or project to achieve Strategic Objectives.

Strategic Planning and Stewardship

Strategic planning at Oakland Community College (OCC) is an inclusive model that actively engages volunteers from across the enterprise. The College recognizes that only through the direct engagement and contribution of those actors closest to our core functions can the organization create meaningful, high-impact, and pragmatic strategy. OCC understands that one of the biggest threats to a strategic planning process is an environment without accountability. Too often, the creation of the plan becomes the primary output for strategic planning. To ensure a plan focused on creating and sustaining action, OCC's Executive Council (EC), consisting of the Chief College Officers, serves as the Strategic Plan Steering Committee. In this role, the team provides direction, coaching, support, and counsel to the teams creating and deploying action across the College. Within the strategic plan process outlined below, the Steering Committee assures that the College is following a cyclical and intentional process of planning, deployment, and evaluation. The Steering Committee views the strategic plan function as a live document, rather than a document on the shelf. It ensures that the College lives and models a regular, intentional, and cyclical process of continuous quality improvement.

The Strategic Planning Process

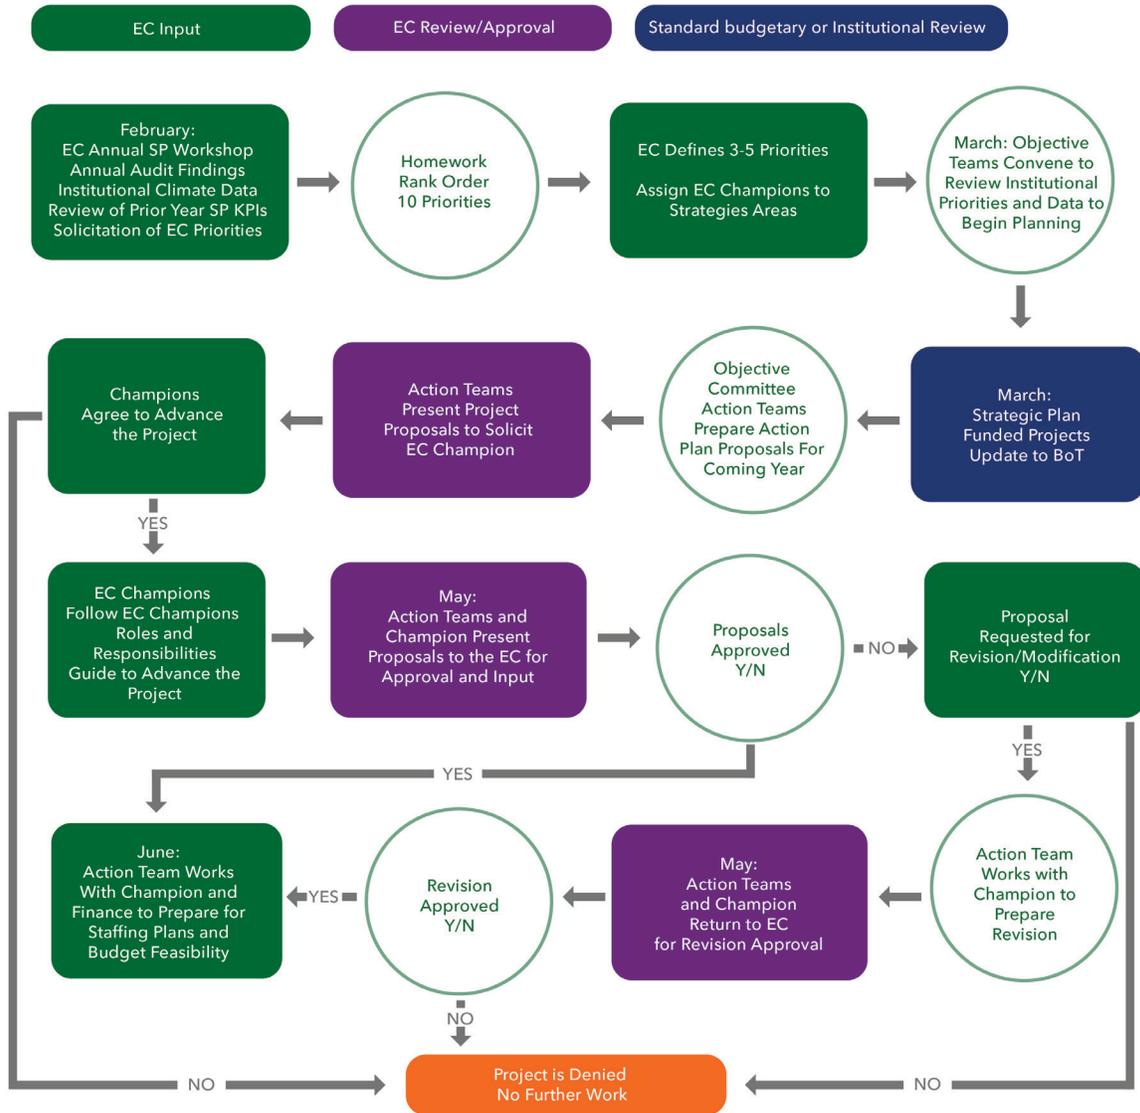

The narrative of strategic planning at Oakland Community College is one of evolution. In 2012, OCC embarked on a strategic planning process that provided a foundation for several ongoing academic initiatives. The outcome of this work was the Educational Master Plan (EMP). After the completion of the EMP, the College began working on its next strategic plan with the help of Six Disciplines Consulting, Inc. The Six Disciplines (SixD) six-step process provided a systematic approach to planning that has improved the College's planning process and overall approach to strategy development, deployment, and execution. It is also the point at which the College began to see the underpinnings of a more engaged and inclusive planning model.

Through 2018 and 2019, the College continued traditional quality improvement processes with Six Disciplines, including several surveys, ongoing SWOT (Strengths, Weaknesses, Opportunities, and Threats) analyses with College stakeholders, and the expansion of the organization's data infrastructure. The output of this process resulted in the finalization of the current language for Mission, Values, and Vision as well as the definition of two Strategic Directions and 11 Strategic Objectives.

In 2020, the College created the position of Chief Strategy Officer to continue the work of Six Disciplines and to provide a single dedicated unit responsible for the administration and execution of the College's strategies and actions. As the College engaged in a CQI (Continuous Quality Improvement) process specifically around planning, the next evolution of the planning schema was created. Outputs of this process included a more concise and easily understood plan, a documented annual process map, the identification of Executive Council Strategic Plan Action Project Champions, and the realignment of planning process around the College's normal business rhythms for resource allocation and budgeting. Along with these procedural improvements, OCC began intentionally aligning the philosophy of its planning processes and infrastructure to the Baldrige model while also using Lean Six Sigma methodologies as a framework for CQI.

Strategic planning is an ongoing endeavor at Oakland Community College with a continuously evolving set of stakeholders, actions, and planning. Throughout the year, there is a committee assigned to each of the College's strategic objectives. There is a duality of work occurring simultaneously but with clearly different focal points. At any point in time, these committees are actively deploying actions defined in the prior year's planning while engaging in planning for the upcoming fiscal year's actions. These committees meet consistently throughout the year and manage their scope of work according to the process calendar outlined below.

OAKLAND COMMUNITY COLLEGE STRATEGIC PLAN ANNUAL PROCESS

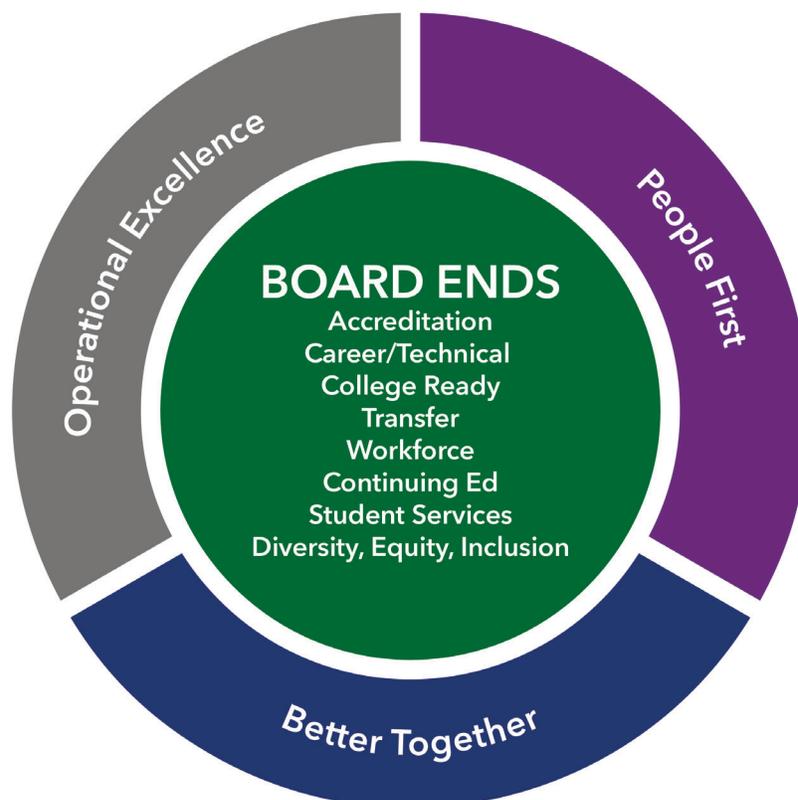

Underneath each strategic objective committee are strategic action teams. These teams include an even broader set of subject matter and process experts. The strategic action teams are the deployment entity that manage the execution of the strategic actions defined at the objective level.

Monitoring Progress

In order to determine progress in achieving established objectives, a system must be in place that tracks key performance indicators (KPIs) and reports results to stakeholders on a regular basis. The College's Board of Trustees adopted a model of policy governance in 2018, which includes an ongoing system of monitoring reports that aligns with strategic planning directions, objectives and actions, showing their impact on the Board's Ends. The Board's Ends are the College's purpose, and related statements that clearly state the desired results of the College's actions; they describe the needs to be met, for whom and at what cost.

Board Ends as established in Board policy include:

- Accreditation
- Career & Technical Education
- College Readiness
- Transfer Education
- Workforce Training
- Continuing Education
- Student Services
- Diversity, Equity & Inclusion

OCC's monitoring reports provide the Board with a comprehensive and consistent evaluative framework to assess overall institutional effectiveness. Reports are delivered on a semester basis (October, February, and June) and track continuous process improvements related to strategic key performance indicators, culminating in an annual report (August).

Core key performance indicators include:

- Headcount enrollment
- Average credit hour enrollment
- Conversion rate (admitted to enrolled)
- Course success
- College readiness attainment
- Fall to winter retention
- Fall to fall persistence
- Earned degrees and certificates

Oakland Community College's Strategic Plan

Strategic Planning Impact

Through a robust, comprehensive, cyclical strategic planning cycle, the College continually uses data and intensive collaboration across the organization for continuous improvement, evaluation, and mission-driven strategies to achieve its vision and hold true to its values.

FINANCIAL PLANNING

Another way Oakland Community College meets its mission is through financial accountability; the allocation and appropriate use of financial resources is a priority in all we do to serve our students and honor our fiduciary responsibility to the community

The College has continually addressed budget issues by cutting costs throughout the College and focusing on efficiencies. In addition, the College prepares a five-year Budget and Financial Forecast each year to plan and meet shortfalls head-on by looking at all sources of income and expenses across all funds within the College.

The College has a board-approved financial reserve policy to ensure sustainability for the future. The financial reserve policy addresses maintaining adequate funds (3 months minimum) of College operations as well as reasonably projecting cash flow, income and expenses. As the financial report shows, the College continues to contain costs, address non-general fund deficits through designated transfers, and plan for future capital needs.

Oakland Community College makes every effort to keep tuition affordable with modest inflationary increases annually. The College charges students by billable contact hours to address the additional cost of high contact courses such as science courses with labs, culinary courses, nursing courses, and courses in other health professions. Over the past several years, there have been minimal tuition rate increases, and the College's In-District rate and overall fees remain among the lowest of the 28 Michigan community colleges. OCC's Board of Trustees and executive leadership remains committed to offering affordable education to all students.

With gross tuition and fees accounting for approximately a third of the College's revenue when compared to state appropriations and property taxes, and few viable options available to diversify revenue sources, the College finds itself with the challenge of balancing decreasing enrollment with increasing costs and decreasing revenue. As mentioned earlier, the College has addressed these shortfalls and balanced the budget by cutting costs and focusing on operational efficiencies throughout the institution.

LOCAL ECONOMY

Like the rest of the country, the onset of the COVID-19 pandemic in March 2020 created a severe economic disruption in the state of Michigan. According from information obtained from the U.S. Bureau of Labor Statistics website, unemployment in Oakland County reached a pandemic high of 19.5% in April 2020. Since that time, with the help of federal, state and local stimulus funding, increased virus testing and the introduction of effective vaccines, unemployment rates have improved. In February 2021, the rate of unemployment in Oakland County had dropped to 3.2%. Although, the state is currently experiencing a surge in COVID cases, the hope is that increases in vaccine supplies and the opening of mass vaccination sites will help bring the infection rates down. Although the future still contains uncertainty surrounding when we will actually enter a post-COVID-19 era, the current economic improvements are encouraging.

Related to available occupations and college programming within our region, the College believes there to be approximately 301,759 projected annual job openings across all occupations and education levels. When OCC considers the occupations most likely to need a two-year post-secondary education, there are approximately 92,217 job openings projected each year for the next five years in our region.

OCC currently offers programs with approximately 13,368 job openings in the region. For these occupations, the average of the median wages is \$25.17 hour.

The ten occupations supported by OCC programs (based on the number of projected job openings) include:

1. General and Operations Managers
2. Registered Nurses
3. Bookkeeping, Accounting, and Auditing Clerks
4. Medical Assistants
5. Medical Secretaries
6. Cooks, Restaurant
7. Billing and Posting Clerks
8. Automotive Service Technicians and Mechanics
9. Accountants and Auditors
10. Police and Sheriff's Patrol Officers

Prospects for the Future

Since there are approximately 13,000 job openings in the County that relate to programs OCC offers, the College is well positioned to provide training to meet these employment needs. OCC believes the top priorities for meeting community needs include the following 10 programs:

1. General Accounting Certificate
2. International Commerce
3. Culinary Arts
4. NUR Transitional LPN
5. Nursing
6. Business Administration
7. MGT Development – Business Management
8. Paralegal
9. Paralegal Post Baccalaureate Professional Certificate
10. Automobile Servicing

OTHER INFORMATION

Awards

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Oakland Community College for its annual comprehensive financial report (ACFR) for the fiscal year ending June 30 for the past six years. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current Annual Comprehensive Financial Report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

In addition, Oakland Community College received an Award for Outstanding Achievement in Popular Annual Financial Reporting from the GFOA for its Popular Annual Financial Report for the fiscal years ended June 30, 2020 and June 30, 2019.

In order to receive an Award for Outstanding Achievement in Popular Annual Financial Reporting, a government unit must publish a Popular Annual Financial Report, the contents of which conform to the program standards of creativity, presentation, understandability and reader appeal.

An Award for Outstanding Achievement in Popular Annual Financial Reporting is valid for a period of one year only. We believe that our current report continues to conform to the Popular Annual Financial Reporting requirements, and we are submitting it to the GFOA to determine its eligibility for another award.

For three consecutive years, the College has received the GFOA's highest budget award. The latest recognition was received from the GFOA on March 15, 2021. On that date the College was presented with the Distinguished Budget Presentation Award for its June 30, 2021-2025 budget document, along with a Certificate of Recognition for Budget Preparation to the Budget and Financial Planning Department. The awards are valid for a period of one year only. The College believes its current budget document continues to conform to program requirements, and we are submitting it to the GFOA to determine its eligibility for another award. The continued participation in the program represents the College's support of best practices in community college budgeting and a commitment to budget process excellence.

Independent Audit

State statutes require an annual audit by independent certified public accountants. The accounting firm of Plante & Moran, PLLC was selected by the College's Board of Trustees. The auditor's report on the financial statements and schedules is included in the financial section of this report.

Acknowledgments

The timely preparation of the comprehensive annual financial report was made possible by the dedicated service of the entire staff of the financial services department. Each member of the department has our sincere appreciation for the contributions made in the preparation of this report.

Independent Auditor's Report

To the Board of Trustees
Oakland Community College

Report on the Financial Statements

We have audited the accompanying financial statements of Oakland Community College (the "College") and its discretely presented component unit as of and for the years ended June 30, 2021 and 2020 and the related notes to the financial statements, which collectively comprise Oakland Community College's basic financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement. The discretely presented component unit was not audited under *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of Oakland Community College and its discretely presented component unit as of June 30, 2021 and 2020 and the respective changes in its financial position and cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As described in Note 1 to the financial statements, the COVID-19 pandemic has impacted the operations of the College. Our opinion is not modified with respect to this matter.

To the Board of Trustees
Oakland Community College

Required Supplemental Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the schedule of the College's proportionate share of net pension liability, the schedule of the College's pension contributions, the schedule of the College's proportionate share of net OPEB liability, and the schedule of the College's OPEB contributions be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, which considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplemental information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audits of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Oakland Community College's basic financial statements. The other supplemental information, as identified in the table of contents, and introductory section and statistical section schedules are presented for the purpose of additional analysis and are not a required part of the basic financial statements.

The other supplemental information, as identified in the table of contents, is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other supplemental information, as identified in the table of contents, is fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory section and statistical section schedules have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 12, 2021 on our consideration of Oakland Community College's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Oakland Community College's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

The discussion and analysis of *Oakland Community College's* (the "College") financial statements provides an overview of the College's financial position at June 30, 2021, 2020 and 2019 and its financial activities for the three years ended June 30, 2021. Management has prepared the financial statements and related footnote disclosures in conjunction with the discussion and analysis. Responsibility for the completeness and fairness of this information rests with the College's management.

Use of this Report

This annual financial report includes the report of independent auditors, this management's discussion and analysis, the basic financial statements, which consist of the statement of net position, the statement of revenue, expenses, and changes in net position, the statement of cash flows, and notes to the financial statements. Following the basic financial statements and footnotes are three supplementary schedules: the GASB 68 and GASB 75 required supplemental information, the combining statement of net position and the combining statement of revenue, expenses, and changes in net position as of and for the years ended June 30, 2021 and June 30, 2020.

Financial Highlights

The financial statements report information on the College as a whole. These statements report the College's financial position as of June 30, 2021 and 2020 and changes in net position for the years ended June 30, 2021 and 2020. The College's Statement of Net Position at June 30, 2021 and 2020, had assets of \$544.7 million and \$503.2 million, respectively, and liabilities of \$271.3 million and \$277.0 million, respectively. The College has recognized its share of the Michigan Public School Employees' Retirement System (MPSERS) unfunded net pension liability. The net pension liability at June 30, 2021 and June 30, 2020, was \$211.4 million and \$206.5 million, respectively. In 2018, the College implemented GASB 75 and recognized the College's share of the MPSERS unfunded OPEB liability. The net OPEB liability at June 30, 2021 and June 30, 2020 was \$32.3 million and \$43.9 million, respectively. The net pension and OPEB liabilities result from the College's participation in MPSERS, a statewide, cost-sharing, multiple employer defined benefit public employee retirement system. The College's revenues and other support exceeded expenses by \$38.7 million, \$31.7 million and \$35.4 million in 2021, 2020 and 2019, respectively. This was primarily due to cost cutting measures across all departments and increased grant, property tax and investment revenue. Current assets totaled \$68.2 million, \$55.5 million and \$70.3 million in 2021, 2020 and 2019. The fluctuations in current assets from 2019 to 2021 were primarily the result of changes in the College's investment policy and portfolio. These changes were initiated by the College's investment provider in accordance with the College's investment policy. See further discussion of investments in this MD&A under non-operating revenues. The College's net position, which represents the residual interest in the College's assets and deferred outflows after liabilities and deferred inflows are deducted, totaled \$286.3 million as of June 30, 2021, \$247.6 million as of June 30, 2020 and \$215.9 million as of June 30, 2019.

Operating Revenues

Operating revenues include all transactions that result in sales and/or receipts from goods and services, such as tuition, fees, and bookstore operations. In addition, certain federal, state, and private grants are considered operating if they are not for capital purposes and are considered a contract for services. Operating revenues consisted of the following during the years ended June 30:

	<u>2021</u>	<u>2020</u>	<u>2019</u>
Tuition and fees - net	\$ 30,088,766	\$ 29,771,347	\$ 29,884,796

OAKLAND COMMUNITY COLLEGE

MANAGEMENT'S DISCUSSION AND ANALYSIS

- Net student tuition and fee revenue (after scholarship allowance) remained stable for the year ended June 30, 2021 increasing by 1.1 percent. Net student tuition and fee revenue remained stable for the year ended June 30, 2020, and decreased approximately 3.0 percent for the year ended June 30, 2019. Gross tuition and fee revenue increased by 2.8 percent for fiscal year ended June 30, 2021. Gross tuition and fee revenue remained stable for fiscal year ended June 30, 2020 decreasing by less than 1 percent. Gross tuition and fee revenue decreased by 5.9 percent due to an enrollment declines for fiscal years ended June 30, 2019. Contact hours increased slightly in 2021 by .8 percent. Contact hours decreased by 3.3 percent and 6.6 percent for fiscal years ended June 30, 2020 and 2019, respectively. The contact hour declines are partially offset by tuition rate increases.
- In 2021, Federal grants and contracts decreased by 8.7 percent from 2020 due to less grant revenue from National Science Foundation, Department of Labor and other federal organizations. In 2020, Federal grants and contracts decreased by 3.9 percent from 2019. The decrease is due to decreases in several grants including Federal Work study, National Science Foundation, Department of Labor, and Michigan Works. The HEERF funding that the College received in 2021 and 2020 is considered Non-operating revenues and is addressed below. In 2019, Federal grants and contracts increased by less than 1 percent from 2018. This modest increase are due to reduced receipts for several federal programs including federal work study. Decreased enrollment affected the federal grant programs.
- Auxiliary services revenue decreased by approximately 22.5 percent, 10.0 percent and 14.5 percent during the years ended June 30, 2021, 2020 and 2019. The decreases are primarily due to a decrease in textbook sales resulting from declining enrollment and students purchasing their textbooks from other sources as well as the availability of Open Educational Resources (OER). The impact of COVID over the past sixteen months and the mandatory stay-at-home orders in 2020 also impacted the sales at the College's bookstores. To help offset future declines of textbook sales, the bookstores offer a textbook rental program and have established competitive pricing. In addition, the bookstores have continued to cut costs and streamline operations in order to maintain their profit margin.
- In 2021, state and local grants decreased by 21.6 percent due to decreased funding in existing grants. In 2020, state and local grants decreased 1.4 percent from 2019. In 2019, state and local grants decreased by approximately \$5.0 million due to the one-time state grant received in 2018 from the state's Community College Skilled Trade Equipment program grant (CCSTEP) for equipment. The purpose of the 2018 CCSTEP grant was to provide Michigan Community Colleges funding through the skilled trades equipment program to ensure they can deliver educational programs in high-wage, high-skill, and high-demand occupations.
- In 2021, non-governmental grants decreased by 35.5 percent from 2020. In 2020, non-governmental grants decreased by 32.1 percent from 2019. This decreases are due to fewer local grants and fewer foundation scholarships transferred to the College. Non-governmental grants increased by 12.5 percent in 2019, due to an increase in scholarship programs.
- In 2021, miscellaneous revenues decreased by 15.0 percent from 2020. In 2020, miscellaneous revenues decreased by 5.6 percent from 2019. In 2019, miscellaneous revenues decreased by 10.7 percent from 2018 due to fewer facilities rentals.

Operating Expenses

Operating expenses are the costs for the College to conduct the programs necessary to carry out the primary purposes of the College. The operating expenses for the years ended June 30 consisted of the following:

	<u>2021</u>	<u>2020</u>	<u>2019</u>
Instruction	\$ 54,778,800	\$ 54,576,897	\$ 51,497,349
Academic support	20,380,771	19,942,660	18,986,536
Student services	27,379,122	27,618,481	26,052,331
Institutional support	18,812,471	18,083,722	15,665,786
Information Technology	12,416,531	9,145,353	7,919,911
Physical plant operations	14,472,441	18,076,615	17,693,042
Depreciation expense	16,149,990	17,443,042	17,253,448
Public services	211,604	178,277	163,667
Total operating expenses	<u>\$ 164,601,730</u>	<u>\$ 165,065,047</u>	<u>\$ 155,232,070</u>

The following is a graphic illustration of total operating expenses for the year ended June 30, 2021:

OAKLAND COMMUNITY COLLEGE

MANAGEMENT'S DISCUSSION AND ANALYSIS

The primary operating expenses of the College are salaries, payroll taxes, and related fringe benefits. The College incurred \$108.6 million, \$110.5 million, and \$101.5 million of payroll-related expenses during the years ended June 30, 2021, 2020, and 2019 respectively. This represents approximately 66.0 percent of the College's operating expenses during 2021, 67.0 percent during 2020 and 65.4 percent in 2019. In 2021, the decrease in total salaries and benefits is a result of decreased benefit costs with salaries increasing 1.0 percent but benefit costs decreasing by 6.2 percent. The increase in 2020 is a result of fewer eliminated positions than in the past two years and step movement and lump sum increases for employees. In 2019, the decrease in payroll-related expenses were the result of the elimination of positions and the delay in hiring replacements for other vacant positions. Payroll taxes and related fringe benefits increased by 23.7 percent from 2019 to 2020 due to an increase in salary expense but primarily due to increased retirement expenses recorded for the increased net pension and OPEB liabilities at year end. Payroll taxes and related fringe benefits were fairly stable from 2018 to 2019 with a 1.6 percent increase coinciding with then slight increase in salaries and wages. In 2021, the UAAL state appropriations received were \$8.7 million, resulting in \$7.0 million of revenue after consideration of GASB 68 and GASB 75. In 2020, the UAAL state appropriations received were \$7.0 million, resulting in \$7.1 million of revenue after consideration of GASB 68 and GASB 75. In 2019, the UAAL state appropriations received were \$7.1 million, resulting in \$6.7 million of revenue after consideration of GASB 68 and GASB 75.

Instruction expenses remained stable from 2020 to 2021 increasing by less than 1 percent. Instruction expenses increased by 6.0 percent from 2019 to 2020 due to salary/step increases and related benefit costs. Instruction expenses increased less than 1.0 percent and 3.1 percent in 2019 as a result of declining enrollment and new full-time faculty hired at lower steps replacing faculty that have retired. Expenditures in Academic Support increased by 2.2 percent and 5.0 percent in 2021 and 2020, respectively, due primarily to salaries and related benefit costs in 2020. Academic Support expenses decreased by 16.3 percent in 2019 due to reduced purchases of supplies and equipment compared to 2018. Expenditures in Student Services remained stable in 2021, decreasing less than 1 percent. Expenditures in Student Services increased by 6.0 percent in 2020 due to salaries and benefits as well as expenditures related to the HEERF funding. In 2019, expenditures in Student Services decreased by 7.2 percent due to a number of factors including reduced salary expenses, a decrease in scholarship expenditures and cost of goods sold decreases in the bookstore. Institutional Support expenses increased by 4.0 percent and 15.4 percent in 2021 and 2020, respectively, due to salaries and related benefits, millage expense and insurance costs. In 2020, Institutional Support expenses increased by 15.4 percent due to salaries and related benefits, millage expense and insurance costs. In 2019, Institutional Support expenses decreased by 3.2 percent. For 2021, 2020 and 2019, Information Technology expenses increased by 35.8 percent, 15.5 percent and 10.7 percent, respectively. These increases are a result of increased software and hardware costs as well as contracted services, salaries and benefits. The increase in 2021 is also attributed to increases in purchases of technology hardware and software using HEERF funding. In 2021, Physical Plant Operation expenses decreased by 20.0 percent. Physical Plant Operation expenses increased slightly by 2.2 percent in 2020. Physical Plant Operation expenses increased by 21.8 percent in 2019 due to a decrease in capitalized assets over 2018 which was the year in which the majority of the CCSTEP grant equipment was purchased and capitalized.

MANAGEMENT’S DISCUSSION AND ANALYSIS

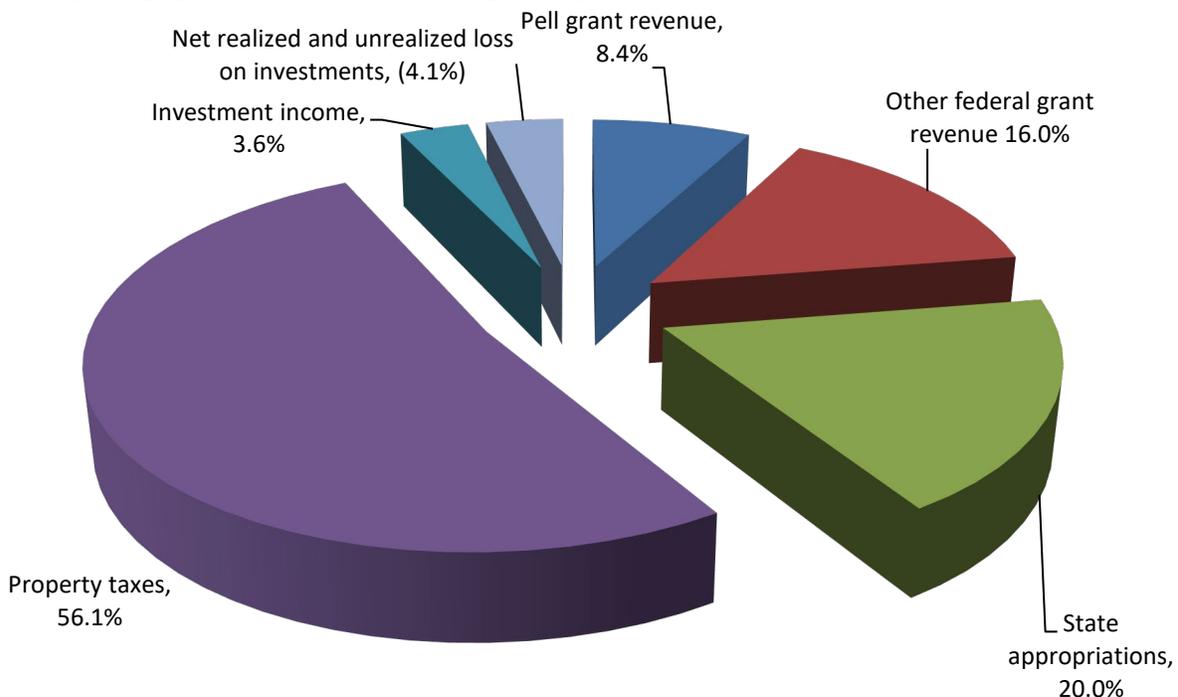

Non-operating Revenues (Expenses)

Non-operating revenues are all revenue sources that are not a result of College operations. They consist primarily of state appropriations, Pell grant revenue, HEERF grant revenue, CRF revenue, property tax revenue, interest income and realized and unrealized gains and losses.

Non-operating revenues for the years ended June 30 consisted of the following:

	<u>2021</u>	<u>2020</u>	<u>2019</u>
Non-operating revenues (expenses)			
Pell grant revenue	\$ 13,884,825	\$ 14,584,483	\$ 15,472,861
Other federal grant revenue	26,406,819	1,704,999	-
State appropriations	26,152,183	23,345,507	24,972,066
State appropriations for UAAL	6,950,580	7,065,991	6,733,962
Property taxes	92,782,896	89,630,341	86,092,187
Investment income	6,034,265	8,400,571	7,795,609
Net realized and unrealized (loss) gain on investments	<u>(6,739,012)</u>	<u>12,798,078</u>	<u>9,270,325</u>
Total non-operating revenues	<u>\$ 165,472,556</u>	<u>\$ 157,529,970</u>	<u>\$ 150,337,010</u>

The following is a graphic illustration of non-operating revenues by source for fiscal year 2021:

OAKLAND COMMUNITY COLLEGE

MANAGEMENT'S DISCUSSION AND ANALYSIS

Over the past several years, Pell grant revenue has decreased due to the decline in enrollment and the number of student awards. In 2021, Pell revenue decreased by 4.8 percent from 2020. In 2020, Pell revenue decreased by 5.7 percent from 2019. In 2019, Pell revenue decreased by 14.7 percent from 2018.

For 2021 and 2020, the College received federal HEERF funding for student direct payments and institutional expenses of \$22.6 million and \$1.7 million, respectively. In 2021, the College received \$2.4 million of CRF funding, replacing fiscal year 2020 state aid revenue and also \$1.3 million in student financial aid for Future for Frontliners and Michigan ReConnect programs.

In 2021, there was an increase of \$2.7 million or 8.9 percent in state appropriations from 2020. In 2020, there was a decrease of \$1.3 million or 4.1 percent in state appropriations from 2019. Initially state appropriations including UAAL payments for fiscal year 2020 were forecasted to be approximately 3.5 percent higher than 2019. However, a state executive order in July 2020 cut state appropriations by 11 percent or \$2.5 million. These funds will be replaced with Coronavirus Relief Funds (CRF) in the same amount but was recognized to the extent of qualified expenses in fiscal year 2021. In 2019, there was a decrease of \$2.0 million or 5.9 percent in state appropriations. Personal property tax reimbursement from the state in the amount of \$2.3 million, \$2.1 million, \$2.1 million for 2021, 2020, and 2019, respectively, was received and is included in the annual state appropriation figure. Public Act 300 of 2012 instituted a 20.96 percent cap on the employer's share of the UAAL for reported MPSERS wages. This resulted in a state appropriation for UAAL of \$8.2 million, \$7.0 million and \$7.1 million for 2021, 2020 and 2019, respectively, resulting in \$7.0 million, \$7.1 million and \$6.7 million of revenue after consideration of GASB 68 and GASB 75 in 2021, 2020 and 2019, as well as MPSERS related cash outlay and expenses of equal amounts.

In 2021, property taxes increased by \$3.2 million over 2020. In 2020, property taxes increased by \$3.5 million over 2019. In 2019, property taxes increased by \$3.3 million over 2018. These increases are a result of taxable values in Oakland County, Michigan continuing to increase.

In 2021, investment income decreased by 28.2 percent. Investment income increased by 7.8 percent and 70.0 percent during 2020 and 2019, respectively. Realized gains on investments were \$1.9 million and \$1.6 million in 2021 and 2020, respectively. Realized losses on investments were \$1.1 million in 2019, as a result of rebalancing and investment changes. With the assistance of the PFM Group, the College's investment manager, the College periodically rebalances the investment portfolio to continually meet strategic investment objectives. This results in year-over-year changes to the types and maturities of investments in the College's portfolio. See Note 2 to the financial statements for further information.

Unrealized gains and losses are primarily a result of market fluctuations in interest rates due to economic conditions in the United States. Unrealized gains and losses represent the fluctuation in the fair market value of investments. Bond values decline as interest rates increase and rise as interest rates decrease. In 2021, unrealized losses were \$8.7 million. In 2020 and 2019, with interest rate decreases, the unrealized gains were \$11.2 million and \$10.3 million, respectively. Nearly 90 percent of the investments held by the College are in government agencies and sponsored enterprises securities, whose prices were affected by the factors mentioned above. As the College intends to hold investments to maturity, it is unlikely that these unrealized gains and losses will be realized.

Statement of Cash Flows

Another method to assess the financial health of the College is to look at the statement of cash flows. Its primary purpose is to provide relevant information about the cash receipts and cash payments of an entity during a period. The statement of cash flows also helps assess:

- An entity's ability to generate net cash flows from operations
- Its ability to meet its obligations as they come due, and
- Its needs for external financing

Following is a comparative analysis of the cash flows of the College for the years ended June 30:

	<u>2021</u>	<u>2020</u>	<u>2019</u>
Cash provided by (used in):			
Operating activities	\$(107,288,674)	\$(100,049,716)	\$(100,489,329)
Noncapital financing activities	151,337,763	138,609,574	133,211,261
Capital and related financing activities	(32,379,398)	(15,726,238)	(8,371,763)
Investing activities	(15,429,666)	(26,728,496)	(28,808,819)
Net change	(3,759,975)	(3,894,876)	(4,458,290)
Cash and cash equivalents - beginning of year	32,313,418	36,208,294	40,666,584
Cash and cash equivalents - end of year	\$ 28,553,443	\$ 32,313,418	\$ 36,208,294

Net cash used in operating activities totaled \$107.3 million for 2021. This was financed by \$151.3 million of net cash flows from noncapital financing activities such as property taxes and state appropriations. Net cash used in capital and related financing activities totaled \$32.4 million during 2021. This consists of approximately \$31.4 million of capital additions, as well as a payment of \$948,000 towards long term obligations for an installment purchase agreement. Net cash used by investing activities totaled \$15.4 million. This consists of \$122.3 million of proceeds from the sale and maturities of investments, purchases of investments of \$145.3 million, and an offset by interest received during 2021 of approximately \$7.6 million. The net result of all cash flows is a decrease in cash and cash equivalents of \$3.8 million for 2021.

Net cash used in operating activities totaled \$100.0 million for 2020. This was financed by \$138.6 million of net cash flows from noncapital financing activities such as property taxes and state appropriations. Net cash used in capital and related financing activities totaled \$15.7 million during 2020. This consists of approximately \$14.8 million of capital additions, as well as a payment of \$924,000 towards long term obligations for an installment purchase agreement. Net cash used by investing activities totaled \$26.7 million. This consists of \$146.2 million of proceeds from the sale and maturities of investments, purchases of investments of \$181.4 million, and an offset by interest received during 2020 of approximately \$8.5 million. The net result of all cash flows is a decrease in cash and cash equivalents of \$3.9 million for 2020.

Net cash used in operating activities totaled \$100.5 million for 2019. This was financed by \$133.2 million of net cash flows from noncapital financing activities such as property taxes and state appropriations. Net

Additions to capital assets during 2021, 2020, and 2019 included costs for both internal and external maintenance and renovation projects at various campus sites. Capital additions were \$31.4 million, \$14.8 million, and \$7.5 million during years 2021, 2020, and 2019, respectively. The College is in the process of a large capital project on the Auburn Hills campus in 2020 and 2021. There was an increase of \$20.8 million in Construction in Progress in 2021. The building was opened for the fall 2021 term. Additional information on the College’s capital assets can be found in Note 3 of the Notes to Financial Statements.

OAKLAND COMMUNITY COLLEGE

MANAGEMENT'S DISCUSSION AND ANALYSIS

The College had no long-term bonds outstanding in 2021, 2020 and 2019. The College last bond debt repayment was made in 2018. In 2018, the College entered into a 5-year installment purchase agreement with Key Government Finance for the purchase of computer hardware, software and maintenance. The College has made installment payments of \$1 million each year in 2021, 2020 and 2019, respectively. The remaining payments of principal and interest total \$1.0 million to be paid in December 2021. More detailed information about the College's long-term liabilities is presented in the Note 5 of the Notes to Financial Statements.

Required Supplementary Information

With the implementation of GASB 68 and GASB 75, the College is required to prepare certain schedules regarding the MPSERS and OPEB liabilities, covered payroll and contributions. The required supplementary information includes a Schedule of College's Proportionate Share of Net Pension Liability and a Schedule of College Contributions.

Other Supplementary Information

Following the basic financial statements, the footnotes and required supplementary information are two comparative supplemental schedules, the Combining Statement of Net Position and Combining Statement of Revenue, Expenses and Changes in Net Position for years ended June 30, 2021 and 2020, respectively. The various funds presented on these statements are for internal purposes only. Though the Governmental Accounting Standards Board does not require this information for a fair and complete presentation, the statements do provide additional information regarding the various funds and activities of the College not disclosed in the basic statements.

The General Fund is the chief operating fund of the College, and had a net position of \$60.9 million, \$55.3 million and \$46.2 million excluding the GASB 68 and GASB 75 liabilities at June 30, 2021, 2020 and 2019, respectively. This is an increase of \$5.7 million from 2020 to 2021, an increase of \$9.1 million from 2019 to 2020 and an increase of \$9.0 million from 2018 to 2019.

The designated fund related to the GASB 68 pension liability and GASB 75 OPEB liability had a deficit net position of \$230.9 million, \$229.1 million and \$224.9 million as of June 30, 2021, 2020 and 2019, respectively. This fund is displayed separately on the Combining Statement of Net Position. Other funds of the College including the Designated Fund, Auxiliary Services Fund, Restricted Fund, Endowment and Similar Funds, and Plant Funds comprise the remaining overall net position for a combined College total of \$286.4 million, \$247.6 million and \$215.9 million in 2021, 2020 and 2019, respectively.

The Designated Fund's net position is designated for various instructional programs, including workforce development, future retirement costs, and rising health care costs. See Note 4 for a more detailed description of retirement liability. The Auxiliary Fund's net position is designated for various capital improvements and future operations at the College's bookstores. The Plant Fund is unrestricted and is designated for various capital projects.

OAKLAND COMMUNITY COLLEGE
MANAGEMENT’S DISCUSSION AND ANALYSIS

Economic Factors that will affect the Future

The economic position of the College is closely tied to that of Oakland County and the State of Michigan as it relates to property tax revenues and state appropriations. Oakland County's property tax values stabilized in 2016 and began to increase in the years since then but current rates still result in property tax revenues lower than their peak ten years ago.

Student enrollment has been decreasing over the past several years, a factor closely related to the improvement in the economy and lower unemployment. In 2021, the enrollment stabilized for fall, winter and summer terms increasing by less than 1 percent. Student contact hours were 328,605 for fiscal year 2021, 326,095 for fiscal year 2020, and 337,096 for fiscal year 2019. Annually, since 2018, the Board of Trustees has approved a modest 2 percent increase in the In-district and Out of District tuition rates. The College charges students by billable contact hour, a methodology approved by the Board of Trustees beginning with fall 2016. When this methodology was implemented, the Board of Trustees also eliminated the Out of State/International tuition rate and now these students are billed at Out of District rates.

State appropriations are expected to be stable for the next fiscal year but future year declines may be inevitable depending on the length of economic disruption due to the Coronavirus pandemic.

Payroll and related expenses represent approximately 66.0 percent, 67.0 percent and 65.4 percent of the total operating expenses reported on the June 30, 2021, 2020, and 2019 statement of revenue, expenses, and changes in net position. The College anticipates that payroll costs will reflect annual incremental increases. The College anticipates an increase in benefit costs as a result of the increase in the mandatory hard cap dollar amount that public employers are required to fund toward employee health benefits and the increased contribution requirements for MPSERS.

The College reacted swiftly and decisively to continue providing quality educational resources to students over the past 16 months during the Coronavirus pandemic. We continue to increase on-line and remote offerings but will return to our campuses in the fall. At this time, the continued future economic impact of the Coronavirus pandemic with variants of the virus remain uncertain but the College will continue to follow the guidance of the CDC and local government and closely monitor the impact on College operations.

OAKLAND COMMUNITY COLLEGE

NOTES TO FINANCIAL STATEMENTS

1. BASIS OF PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity –

Oakland Community College (the "College") is a Michigan community college whose financial statements have been prepared in accordance with the accounting principles as prescribed by the Governmental Accounting Standards Board and as outlined in the *State of Michigan Manual for Uniform Financial Reporting - Michigan Public Community Colleges, 2001*.

The accompanying financial statements have been prepared in accordance with criteria established by the Governmental Accounting Standards Board for determining the various governmental organizations to be included in the reporting entity. These criteria include significant operational or financial relationships with the College. Based on application of the criteria, the College has one component unit. A component unit is a separate legal entity that is included in the College's reporting entity because of the significance of its operational financial relationships with the College.

The Oakland Community College Foundation (the "Foundation") is discretely reported as part of the College's reporting entity (although it is legally separate and governed by its own Board of Directors) because its sole purpose is to provide support to the College. Audited financial statements of the Foundation may be obtained by contacting Oakland Community College Foundation, 2480 Opdyke Road, Bloomfield Hills, Michigan 48304-2266.

Basis of Accounting – Oakland Community College

The financial statements of the College have been prepared using an economic resources management focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned and expenses are recorded when an obligation has been incurred.

Basis of Accounting - Component Unit

The Foundation is a nonprofit organization that reports under the provisions of Accounting Standards Codification ("ASC") Topic 958, *Not-for-Profit Entities*. As such, certain revenue recognition criteria and presentation features are different from Governmental Accounting Standards Board ("GASB") revenue recognition and presentation features. The Foundation financial statements are prepared in accordance with generally accepted accounting principles as prescribed by the Financial Accounting Standards Board ("FASB"). With the exception of necessary presentation adjustments, no modifications have been made to the Foundation's financial information in the College's financial report for these differences.

OAKLAND COMMUNITY COLLEGE

NOTES TO FINANCIAL STATEMENTS

Impact of COVID-19 pandemic

On March 11, 2020, the World Health Organization declared the outbreak of a respiratory disease caused by a new coronavirus a pandemic, now known as COVID-19. In response to the COVID-19 pandemic, governments took preventative or protective actions, such as temporary closures of non-essential businesses and “shelter-at-home” guidelines for individuals. As a result, the global economy has been negatively affected, and the College's operations were also impacted.

The College quickly shifted to a remote online learning environment in March 2020 and continued a mostly remote teaching platform through August 2021. For nearly eighteen months, the College canceled on-campus events, continuing education courses, conferences and rentals which resulted in lost revenues for the College for the year ended June 30, 2021 and 2020. During 2020 there were contract employees and some full and part-time regular employees that were furloughed.

To offset the financial impact to students and the losses incurred by the College due to the disruption caused by COVID-19, the College was awarded grants and other relief primarily from the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The College was allocated Higher Education Emergency Relief Fund (HEERF) grants totaling \$53.1 million, of which \$21.9 million was required to be given to students. The College recognized HEERF grant revenue totaling \$22.6 million and \$1.7 million for years ended June 30, 2021 and 2020, respectively.

In addition, the College also received in fiscal year 2021 \$2.5 million other federal emergency relief in the form of Coronavirus Relief Funds (CRF) funds passed through by the state of Michigan to offset the loss of 11 percent of state appropriations in 2020.

The severity of the continued impact due to COVID-19 on the College's financial condition, results of operations or cash flows into fiscal year 2022 will depend on a number of factors, including, but not limited to, the duration and severity of the pandemic and variants of COVID-19, and the impact on the College's community including potential and current students, all of which are uncertain and cannot be predicted.

Significant Accounting Policies

Significant accounting policies followed by Oakland Community College are described below to enhance the usefulness of the financial statements to the reader:

Cash and Cash Equivalents - Cash and cash equivalents consist of all deposit accounts and highly liquid investments with an initial maturity of three months or less.

Accounts Receivable - Accounts receivable are recorded net of allowance for uncollectible amounts of approximately \$1.2 million as of June 30, 2021 and 2020. The allowance for doubtful accounts is established using a general valuation allowance based on historical loss experience,

OAKLAND COMMUNITY COLLEGE

NOTES TO FINANCIAL STATEMENTS

including experience with Title IV returns. All amounts deemed to be uncollectible are charged against the allowance in the period that determination is made.

Investments - Investments are stated at fair value, based on quoted market prices or other observable inputs and may not be indicative of net realizable value or reflective of future fair value.

Risks and Uncertainties - The College invests in various instruments which are exposed to risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statement of net position.

Inventories – Inventories held for resale are stated at the lower of cost or market.

Capital Assets - Capital assets consist of property and equipment that are stated at cost or in the case of donated property, at acquisition value on the date the gift was received. Depreciation is provided for property and equipment on a straight-line basis over the estimated useful lives of the assets. Expenditures for property and equipment greater than \$5,000 are capitalized. The useful lives of the capital assets range from 5-40 years and are listed by category of capital asset in Note 3.

Unearned Revenue - Revenue received prior to year-end that relates to the next fiscal period is recorded as unearned revenue. Unearned revenue at June 30, 2021 includes \$2.8 million of tuition for the 2021 summer term, which began on May 10, 2021 and ended on August 25, 2021. Unearned revenue at June 30, 2020 includes \$3.0 million of tuition for the 2020 summer term, which began on May 11, 2020 and ended on August 25, 2020. Grants received prior to qualifying expenditures are also included in unearned revenue.

Compensated Absences – Compensated absences included in the accompanying statement of net position represent the accumulated liability of the College for the amount of earned vacation and sick time that are required to be paid out to certain employees based on College policy and existing union contracts.

Revenue Recognition - Revenue from state appropriations are recognized in accordance with the accounting method described in the *Manual for Uniform Financial Reporting - Michigan Public Community Colleges, 2001*, which provides that state appropriations are recorded as revenue in the period for which such amounts are appropriated. Student tuition and related revenues and expenses of an academic semester are reported in the fiscal year in which the program is conducted.

OAKLAND COMMUNITY COLLEGE

NOTES TO FINANCIAL STATEMENTS

Operating revenues of the College consist of tuition and fees, certain grants and contracts, and sales and services of educational activities. Transactions related to capital and financing activities, noncapital financing activities, investing activities, state appropriations, property taxes, and Federal Pell grants and other federal grants, i.e. HEERF, are components of non-operating and other revenues. For financial reporting purposes, restricted resources are deemed to be utilized first when both restricted and unrestricted resources are available to satisfy an expense.

Property taxes are recorded as revenue when received, which approximates the amounts when levied. Property taxes are levied on December 1 based on taxable values as of the preceding December 31. The taxes, which are collected and remitted to the College by municipalities within the College district boundaries, are collected through February 28. Uncollected real property taxes of the College are turned over to the counties in which the district is located for subsequent collection. The College is subsequently paid 100 percent of delinquent real property taxes through the counties' tax revolving funds. These payments are usually received within three to five months after the delinquency date.

During the years ended June 30, 2021 and 2020, 1.5184 and 1.5303, respectively of tax per \$1,000 of taxable property value in the College taxing district was levied for general operating purposes on all property. Total operating property tax revenue was \$92.8 million and \$89.6 million for the years ended June 30, 2021 and 2020, respectively.

Scholarship Allowance - Student tuition and fee revenues, and certain other revenues from students, are reported net of scholarship allowance in the statement of revenues, expenses, and changes in net position. Scholarship allowance is the difference between the stated charge for goods and services provided by the College, and the amount that is paid by students and/or third parties making payments on the students' behalf. Certain governmental grants, such as Pell grants, and other Federal, state or nongovernmental programs, are recorded as either operating or non-operating revenues in the College's financial statements. To the extent that revenues from such programs are used to satisfy tuition and fees and other student charges, the College has recorded a scholarship allowance.

Expenses - Operating expenses include the costs of services, administrative expenses, and depreciation on capital assets. All expenses not meeting this definition are reported as non-operating expenses.

OAKLAND COMMUNITY COLLEGE

NOTES TO FINANCIAL STATEMENTS

Pensions – For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Michigan Public School Employees’ Retirement System (MPERS) and additions to/deductions from MPERS fiduciary net position have been determined on the same basis as they are reported by MPERS. MPERS uses the economic resources measurement focus and the full accrual basis of accounting. Contribution revenue is recorded as contributions are due, pursuant to legal requirements. Benefit payments (including refunds of employee contributions) are recognized as expense when due and payable in accordance with the benefit terms. Related plan investments are reported at fair value.

Other Postemployment Benefit Costs - For purposes of measuring the net other postemployment benefit (OPEB) liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the MPERS and additions to/deductions from MPERS fiduciary net position have been determined on the same basis as they are reported by MPERS. MPERS uses the economic resources measurement focus and the full accrual basis of accounting. For this purpose, MPERS recognizes benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value, except for money market investments and participating interest-earning investment contracts that have a maturity at the time of purchase of one year or less, which are reported at cost.

Deferred Outflows of Resources - In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to a future period(s) and will not be recognized as an outflow of resources (expense) until then.

The College reports deferred outflows of resources for certain pension related and OPEB-related amounts, such as change in expected and actual experience, changes in assumptions, and certain contributions made to the plan subsequent to the measurement date. More detailed information can be found in Note 4.

Deferred Inflows of Resources - In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applies to a future period(s) and will not be recognized as an inflow of resources (revenue) until that time.

The College reports deferred inflows of resources for certain pension related and OPEB-related amounts, such as the difference between projected and actual earnings of the plan’s investments. More detailed information can be found in Note 4.

Use of Estimates - The process of preparing financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions regarding certain types of assets, liabilities, revenues and expenses. Actual results may differ from estimated amounts.

NOTES TO FINANCIAL STATEMENTS

Net Position - GASB No. 34 establishes standards for external financial reporting for public colleges and universities and requires that resources be classified for accounting and reporting purposes into the following net position categories.

Unrestricted Net Position - Unrestricted net position represents net position that is not subject to externally imposed restrictions. In fiscal year 2021 and 2020 the College's unrestricted net position is comprised of the following:

	<u>2021</u>	<u>2020</u>
Designated for future capital outlay and major maintenance	\$ 209,079,971	\$ 191,482,875
Designated for quasi-endowment	19,435,644	19,701,751
Designated for auxiliary activities, net	5,747,244	5,023,365
Designated for instructional programs (designated fund)	3,547,307	3,178,780
Designated for future retirement contributions (designated fund)	71,044,480	71,044,480
Designated for future health, property, casualty insurance (designated fund)	5,000,000	5,000,000
Designated for unfunded pension and OPEB liabilities	(230,940,960)	(229,096,794)
Total unrestricted net position	60,908,774	55,255,795
	<u><u>\$ 143,822,460</u></u>	<u><u>\$ 121,590,252</u></u>

The College has had a Financial Reserves and Designated Funds Policy since 2015 when the Board approved the policy in order to meet cash flow requirements, maintain a strong credit rating, and allow for flexibility to respond to changes in the economic environment. With the policy, the College shall maintain financial designations for operating funds of not less than three months of operating expenditures of the total combined funds based on annual audited expenditures for the past three years.

Additionally, funds are designated for retirement fund, quasi-endowment, and health and property casualty fund. The current balances in the unrestricted and designated funds listed above meet the requirements of this policy.

Net Investment In Capital Assets - Capital assets, net of accumulated depreciation and outstanding principal balances of debt attributable to the acquisition, construction, or improvement of those assets.

OAKLAND COMMUNITY COLLEGE

NOTES TO FINANCIAL STATEMENTS

Restricted Net Position –

- Nonexpendable - Net position subject to externally imposed constraints that they be maintained permanently by the College. Nonexpendable net position includes corpus portion (historical value) of gifts to the College's permanent endowment funds and certain investment earnings stipulated by the donor to be reinvested permanently.
- Expendable – Net position whose use by the College is subject to externally imposed constraints that can be fulfilled by actions of the College pursuant to those constraints or that expire by the passage of time.

2. CASH AND INVESTMENTS

Deposits - State law limits the College to invest in demand accounts, negotiable certificates of deposit, saving accounts, or other interest-earning deposit accounts of banks that are members of the Federal Deposit Insurance Corporation (FDIC). \$500,000 and \$500,000 of cash and certificates of deposit were covered by FDIC insurance and \$31.7 million and \$35.2 million of cash and certificates of deposit were not covered by FDIC insurance at June 30, 2021 and 2020, respectively.

Investments - Investment policies as set forth by the Board of Trustees also authorize the College to invest in bonds, bills, or notes of the United States or of an agency of instrumentality of the United States or obligations of the State of Michigan. Funds may also be invested in commercial paper that is supported by an irrevocable letter of credit issued by a bank that is a member of the FDIC and commercial paper of corporations located in Michigan. The aforementioned investment policy is in accordance with State of Michigan law.

The Board of Trustees has authorized PFM Group to make investment decisions in accordance with policies set forth by the Board of Trustees.

Fair Value Measurements - The College categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. Investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient are not classified in the fair value hierarchy below.

In instances where inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The College's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset or liability.

OAKLAND COMMUNITY COLLEGE

NOTES TO FINANCIAL STATEMENTS

The College has the following recurring fair value measurements as of June 30, 2021 and 2020:

The fair value of the U.S. Treasury securities, tax-exempt municipal bonds, and federal government agency securities at June 30, 2021 and 2020 was determined primarily based on level 2 inputs. The College estimates the fair value of these investments using other inputs such as interest rates and yield curves that are observable at commonly quoted intervals.

The College did not have any Level 1 or Level 3 investments as of June 30, 2021 and June 30, 2020.

OAKLAND COMMUNITY COLLEGE

NOTES TO FINANCIAL STATEMENTS

The College's cash and investments are included on the statements of net position under the following classifications as of June 30:

	<u>2021</u>	<u>2020</u>
Cash and cash equivalents	\$ 28,553,443	\$ 32,313,418
Short-term investments	10,165,485	8,788,774

Total	<u>\$ 372,476,215</u>	<u>\$ 361,356,855</u>

Interest Rate Risk - The College's investment policy does not limit investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. However, the College, with the assistance of PFM, monitors market conditions and forecasts as well as cash flow needs to optimize the maturity of its investments.

Credit Risk - The College is authorized by Michigan Public Act 331 of 1966, as amended through 2012, and by resolution of the Board of Trustees to invest funds in bonds, bills and notes of the United States or obligations of the State of Michigan, mutual funds and investment pools that are composed of authorized investments, bankers acceptances, commercial paper rated prime by at least one of the standard rating services, negotiable certificates of deposits and certain repurchase agreements. The College has no investment policy that would further limit its investment choices.

OAKLAND COMMUNITY COLLEGE

NOTES TO FINANCIAL STATEMENTS

Custodial Credit Risk - All of the College's investments are in the name of the College or, as applicable, the investments are in trust accounts with each financial institution from which they were purchased.

Concentration of Credit Risk – Other than government securities, the amount of funds invested in one financial institution shall not exceed 5% of the total investment portfolio of the College. In the event there is a merger/acquisition of two or more financial institutions in which the College's funds are invested, the College will require a one-year (1-year) period of time within which to divest funds from its accounts, such that the total amount of funds invested in one financial institution does not exceed 5 percent.

More than five percent of the College's investments at June 30, 2021 and 2020 were invested as follows:

<u>Issuer</u>	<u>2021</u>	<u>2020</u>
Federal Home Loan Mortgage Corporation	22%	19%
Federal National Mortgage Association	24%	21%

NOTES TO FINANCIAL STATEMENTS

4. RETIREMENT PLANS

Defined Benefit Pension and OPEB Plans

Plan Description – The College participates in the Michigan Public School Employees’ Retirement System (MPERS or the “System”), a statewide, cost-sharing, multiple-employer defined benefit public employee retirement system governed by the State of Michigan that covers substantially all employees of the College. Certain College employees also receive defined contribution retirement and healthcare benefits through the System. The System provides retirement, survivor, and disability benefits to plan members and their beneficiaries. The System also provides post-employment health care benefits to retirees and beneficiaries who elect to receive those benefits.

The Michigan Public School Employees’ Retirement System issues a publicly available financial report that includes financial statements and required supplementary information for the pension and post-employment healthcare plans. That report is available on the web at <http://www.michigan.gov/orsschools>, or by writing to the Office of Retirement System (ORS) at 7150 Harris Drive, P.O. Box 30171, Lansing MI 48909.

Contributions – Public Act 300 of 1980, as amended, required the College to contribute amounts necessary to finance the coverage of pension benefits of active and retired members. Contribution provisions are specified by State statute and may be amended only by action of the State Legislature. Under these provisions, each College’s contribution is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance a portion of the unfunded accrued liability.

Under the OPEB plan, retirees electing this coverage contribute an amount equivalent to the monthly cost for Part B Medicare and 10 percent, or 20 percent for those not Medicare eligible, of the monthly premium amount for the health, dental, and vision coverage at the time of receiving the benefits. The MPERS board of trustees annually sets the employer contribution rate to fund the benefits. Participating employers are required to contribute at that rate.

Under Public Act 300 of 2012, members were given the choice between continuing the 3 percent contribution to the retiree healthcare and keeping the premium subsidy benefit described above, or choosing not to pay the 3 percent contribution and instead opting out of the subsidy benefit and becoming a participant in the Personal Healthcare Fund (PHF), a portable, tax-deferred fund that can be used to pay healthcare expenses in retirement. Participants in the PHF are automatically enrolled in a 2 percent employee contribution into their 457 account as of their transition date, earning them a 2 percent employer match into a 401(k) account. Members who selected this option stop paying the 3 percent contribution to the retiree healthcare as of the day before their transition date, and their prior contributions were deposited into their 401(k) account.

The College’s contributions are determined based on employee elections. There are multiple benefit different pension and healthcare benefit options included in the plan available to employees based on date of hire and the elections available at that time. Contribution rates are adjusted annually by the ORS.

OAKLAND COMMUNITY COLLEGE

NOTES TO FINANCIAL STATEMENTS

The range of rates is as follows:

	Pension	OPEB
October 1, 2018 – September 30, 2019	13.39% - 19.59%	7.57% - 7.93%
October 1, 2019 – September 30, 2020	13.39% - 19.59%	7.57% - 8.09%
October 1, 2020 – September 30, 2021	13.39% - 19.78%	7.57% - 8.43%

Depending on the plan selected, member pension contributions range from 0 percent up to 7.0 percent of gross wages. For certain plan members, a 4 percent employer contribution to the defined contribution pension plan is required. In addition, for certain plan members, a 3 percent employer match is provided to the defined contribution pension plan.

The College's required and actual pension contributions to the plan for the years ended June 30, 2021 and 2020 were \$18.9 million and \$17.3 million, respectively, which include the College's contributions required for those members with defined contribution benefit. The College's required and actual pension contributions include an allocation of \$8.2 million and \$7.0 million in revenue received from the State of Michigan, and remitted to the System, to fund the MPSERS unfunded actuarial accrued liability (UAAL) stabilization rate for the year ended June 30, 2021 and 2020, respectively.

The College's required and actual OPEB contributions to the plan for the year ended June 30, 2021 and 2020 were \$4.6 million and \$4.5 million, respectively, which include the College's contributions required for those members with a defined contribution benefit. There was no allocation of revenue received from the State of Michigan, to fund the MPSERS unfunded actuarial accrued liability (UAAL) stabilization rate for OPEB in 2021 or 2020.

Benefits Provided – Benefit provisions of the defined benefit (DB) pension plan and the postemployment healthcare plan are established by State statute, which may be amended. Public Act 300 of 1980, as amended, establishes eligibility and benefit provisions for the defined benefit pension plan and the postemployment healthcare plan.

Depending on the plan option selected, member retirement benefits are calculated as final average compensation times years of service times a pension factor ranging from 1.25 percent to 1.50 percent. The requirements to retire range from attaining the age of 46 to 60 with years of service ranging from 5 to 30 years, depending on when the employee became a member. Early retirement is computed in the same manner as a regular pension, but is permanently reduced 0.50 percent for each full and partial month between the pension effective date and the date the member will attain age 60. There is no mandatory retirement age.

Depending on the member's date of hire, MPSERS offers the option of participating in the Defined Contribution (DC) plan that provides a 50 percent employer match (up to 3 percent of salary) on employee contributions.

OAKLAND COMMUNITY COLLEGE

NOTES TO FINANCIAL STATEMENTS

Members are eligible for non-duty disability benefits after 10 years of service and for duty-related disability benefits upon hire. Disability retirement benefits are determined in the same manner as retirement benefits but are payable immediately without an actuarial reduction. The disability benefits plus authorized outside earnings are limited to 100 percent of the participant's final average compensation with an increase of 2 percent each year thereafter.

Benefits may transfer to a beneficiary upon death, and are determined in the same manner as retirement benefits, but with an actuarial reduction.

Benefit terms provide for annual cost-of-living adjustments to each employee's retirement allowance subsequent to the employee's retirement date. The annual adjustment, if applicable, is 3 percent. For some members that do not receive an annual increase, they are eligible to receive a supplemental payment in those years when investment earnings exceed actuarial assumptions.

MPSERS provides medical, prescription drug, dental, and vision coverage for retirees and beneficiaries. A subsidized portion of the premium is paid by MPSERS with the balance deducted from the monthly pension of each retiree healthcare recipient. Depending on the member's date of hire, this subsidized portion ranges from 80 percent to the maximum allowed by the statute.

Net Pension Liability – At June 30, 2021 and 2020, the College reported a liability of \$211.4 million and \$206.5 million, respectively, for its proportionate share of the MPSERS net pension liability. The net pension liability was measured as of September 30, 2020 and 2019, respectively, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of September 30, 2019 and September 30, 2018, which used update procedures to roll forward the estimated liability to September 30, 2020 and September 30, 2019. The College's proportion of the net pension liability was based on a projection of its long-term share of contributions to the MPSERS pension plan relative to the projected contributions of all participating reporting units, actuarially determined. At September 30, 2020 and September 30, 2019, the College's proportion was 0.61554 and 0.62364 percent, respectively.

Net OPEB Liability – At June 30, 2021, the College reported a liability of \$32.3 million for its proportionate share of the net OPEB liability. The net OPEB liability for fiscal year 2021 was measured as of September 30, 2020, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of September 30, 2019, which used updated procedures to roll forward the estimated liability to September 30, 2020. At June 30, 2020, the College reported a liability of \$43.9 million for its proportionate share of the net OPEB liability. The net OPEB liability for fiscal year 2020 was measured as of September 30, 2019, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of September 30, 2018, which used updated procedures to roll forward the estimated liability to September 30, 2019. The College's proportion of the net OPEB liability was based on a projection of its long term share of contributions to the OPEB plan relative to the projected contributions of all participating reporting units, actuarially determined. At September 30, 2020 and September 30, 2019, the College's proportion was 0.60379 and 0.61229 percent, respectively.

Actuarial Assumptions – The total pension liability and total OPEB liability as of September 30, 2020 and September 30, 2019, was based on the results of an actuarial valuation date of September 30, 2019 and September 30, 2018, respectively, and rolled forward. The total pension and OPEB liabilities was determined using the following actuarial assumptions:

Actuarial cost method		Entry Age normal cost actuarial cost method
Investment rate of return- Pension	2020 6.00% - 6.80% 2019 6.00% - 6.80%	Net of investment expenses based on the groups

Cost of living pension adjustments	3.00%	Annual non-compounded for MIP members

OAKLAND COMMUNITY COLLEGE

NOTES TO FINANCIAL STATEMENTS

Assumption changes as a result of an experience study for the periods 2007 to 2012 have been adopted by the System for use in the annual pension valuations beginning with the September 30, 2014 valuation.

Discount Rate – The discount rate used to measure the total pension liability was 6.00-6.80 percent and 6.00-6.80 percent as of September 30, 2020 and 2019, respectively, depending on the plan option. The discount rate used to measure the total OPEB liability was 6.95 percent and 6.95 percent as of September 30, 2020 and 2019, respectively. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that employer contributions will be made at contractually required rates.

Based on those assumptions, the pension plan’s fiduciary net position and the OPEB plan’s fiduciary net position were projected to be available to make all projected future benefit payments for current active and inactive employees. Therefore, the long-term expected rate of return on pension plan and OPEB plan investments was applied to all periods of projected benefit payments to determine the total pension liability and total OPEB liability.

The long-term expected rate of return on pension plan and OPEB plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following tables for 2021 and 2020, respectively:

	2021	
	Target Allocation	Long-term Expected Real Rate of Return

NOTES TO FINANCIAL STATEMENTS

Pension plan and OPEB Plan fiduciary net position – Detailed information about the pension plan’s fiduciary net position is available in the separately issued MPSERS financial report.

Payable to the Pension Plan and OPEB Plan – At June 30, 2021, the College reported a payable of \$1.7 million and approximately \$89,800 for the outstanding amount of contributions to the pension plan and OPEB plan, respectively, required for the year ended June 30, 2021. At June 30, 2020, the College reported a payable of \$1.5 million and approximately \$80,000 for the outstanding amount of contributions to the pension plan and OPEB plan, respectively, required for the year ended June 30, 2020.

Defined Contribution Plan

Existing professional MPSERS members and new professional employees of the College may elect to participate in an optional retirement program (ORP) in lieu of participating in the MPSERS plan. The ORP plan is a defined contribution plan affiliated with the Teachers Insurance and Annuity Association and the College Retirement Equities Fund (TIAA-CREF). Under the ORP, the percentage contributed by the College is 11 percent for the years ended June 30, 2021 and 2020. The payroll for the College's employees covered by the optional plan was \$13.9 million and \$13.1 million for fiscal years ended 2021 and 2020, respectively. College contributions were made in the amount required by the plan and totaled approximately \$1.5 million and \$1.4 million for fiscal years 2021 and 2020, respectively. Under the member investment plan, employees may contribute 4% of gross wages in addition to the College's contribution.

In addition to the MPSERS and ORP plans, the College also offers deferred compensation plans to all of its full-time and part-time employees (excluding student workers) under Sections 403(b) and 457(b) of the U.S. Internal Revenue Code. The College does not contribute to these plans but employees may make elective deferrals up to amounts allowable by current tax law.

5. LONG-TERM LIABILITIES

In 2018, the College entered into a five-year tax-exempt installment purchase agreement with Key Government Finance, Inc. for the purchase of computer hardware, software and maintenance. The total amount of the agreement is \$5 million and there have been four installments paid annually each December for the past four years in the amounts of approximately \$1 million each year. There is one more payment due December 2021 for \$973,888 principal and \$26,111 interest.

6. RISK MANAGEMENT

The College is exposed to various risks of loss related to property loss, torts, errors and omissions, and workers' compensation as well as medical benefits provided to employees. The College has purchased commercial insurance for medical benefits and workers' compensation claims and participates in the Michigan Community College Risk Management Authority risk pool for claims related to all other types of claims. Settled claims relating to the commercial insurance have not exceeded the amount of insurance coverage in any of the past three fiscal years.

The Michigan Community College Risk Management Authority risk pool program operates as a claims servicing pool for amounts up to member retention limits, and operates as a common risk-sharing management program for losses in excess of member retention amounts. Although premiums are paid annually to the Authority which the Authority uses to pay claims up to the retention limits, the ultimate liability for those claims remains with the College.

OAKLAND COMMUNITY COLLEGE

NOTES TO FINANCIAL STATEMENTS

7. SELF-INSURANCE

The College is currently self-insured for short term disability and worker's compensation. Effective September 2020, the College's dental plan is premium based and effective January 1, 2019 the College's vision plan is premium based.

Effective January 1, 2019, the College's healthcare insurance is premium based with all groups in Western Michigan Health Insurance Pool (WMHIP). Effective January 1, 2020, the faculty and public safety groups moved to healthcare plans with MESSA, Michigan Education Special Services Association, which is also premium based.

Changes in self-insured employee benefit liabilities during 2021, 2020, and 2019 were as follows:

	<u>2021</u>	<u>2020</u>	<u>2019</u>
Balance, beginning of year	\$ 686,827	\$ 726,410	\$ 1,064,148

Balance, end of year	<u>\$ 510,206</u>	<u>\$ 686,827</u>	<u>\$ 726,410</u>

8. COMMITMENTS AND CONTINGENCIES

In the normal course of its activities, the College is a party to various legal actions. It is the opinion of College officials that potential claims in excess of insurance coverage resulting from the pending litigation would not have a material effect on the financial statements.

In addition to the discharge of current liabilities, at June 30, 2021 and 2020, respectively, the College has commitments to complete existing contracts in the amount of approximately \$2.6 million and \$797,842, related principally to renovations of campus buildings and facilities.

9. FEDERAL DIRECT LENDING PROGRAM

The College distributed \$9.2 million and \$10.2 million for student loans through the U.S. Department of Education federal direct lending program for the years ended June 30, 2021 and 2020, respectively. These distributions and related funding source are not included as revenues or expenses in the accompanying financial statements.

OAKLAND COMMUNITY COLLEGE

NOTES TO FINANCIAL STATEMENTS

10. TAX ABATEMENTS

The College receives reduced property tax revenues as a result of Industrial Facilities Tax exemptions, Personal Property Tax Relief in Distressed Communities (PA 328 of 1998) and Brownfield Redevelopment Agreements granted by cities and townships within Oakland County that impact the College. Industrial facility exemptions are intended to promote construction of new industrial facilities, or to rehabilitate historical facilities; PA 328 allows distressed communities to abate personal property tax on new investments; Brownfield redevelopment agreements are intended to reimburse taxpayers that remediate environmental contamination on their properties.

For the fiscal year ended June 30, 2021 and June 30, 2020, the College's property tax revenues were reduced by \$939,000 and \$839,000, respectively, under these programs.

There are no abatements made by the College.

11. OAKLAND COMMUNITY COLLEGE FOUNDATION

Oakland Community College Foundation is a separate legal entity established as a 501(c)(3) corporation to accept, collect, hold, and invest donations made for the promotion of educational and cultural activities at and on behalf of the College. The net position of the component unit is restricted for those purposes.

These assets and all activity of the Foundation are reported as a discretely presented component unit in the College's financial statements. The stated value of the net position of the Foundation totaled \$8.9 million and \$7.0 million for the years ended June 30, 2021 and 2020, respectively.

Donor-restricted net assets contain donor-imposed restrictions that permit the Foundation to use or expend the assets as specified.

Restricted – expendable scholarships and grant net position is available for the following purposes at June 30:

	<u>2021</u>	<u>2020</u>
Scholarships	\$ 1,881,298	\$ 1,222,923
Educational Development Programs	161,875	110,072

Restricted-expendable net position	<u>\$ 2,158,328</u>	<u>\$ 1,467,678</u>

OAKLAND COMMUNITY COLLEGE

NOTES TO FINANCIAL STATEMENTS

Restricted – non expendable endowment net position contains donor-imposed restrictions that stipulate the resources be maintained permanently, but permit the Foundation to use or expend part or all of the income derived from the donated assets for specified purposes. Investment earnings available for distribution are recorded as temporarily restricted net position, as the donors have imposed purpose restrictions on the earnings. Permanently restricted net position consists of endowments invested in perpetuity, the income from which is restricted by donors for future scholarships to students enrolled at Oakland Community College.

Non-expendable endowments total \$2.5 million and \$2.3 million at June 30, 2021 and 2020, respectively.

For the year ending June 30, 2021, the Foundation's investments total \$8.2 million and are comprised of \$2.3 million in bond funds, \$4.3 million in equities, \$1.6 million in exchange traded funds and \$158,000 of money market funds. For the year ending June 30, 2020, the Foundation's investments total \$6.6 million and are comprised of \$2.1 million in bond funds, \$3.0 million in equities, \$1.3 million in exchange traded funds and \$158,000 of money market funds. All investments are stated at fair value based on quoted market prices for active markets using Level 1 inputs.

The College provides personnel support, supplies, and equipment to the Foundation.

12. ADOPTION OF NEW ACCOUNTING PRONOUNCEMENT

During the year ended June 30, 2021, the College adopted GASB Statement No. 84, Fiduciary Activities. This statement establishes criteria for identifying fiduciary activities of all state and local governments. An activity meeting the criteria should be reported in a fiduciary fund in the basic financial statements. There was no impact on the College's financial statements as a result of adopting the new standard.

13. UPCOMING ACCOUNTING PRONOUNCEMENTS

In June 2017, the GASB issued Statement No. 87, Leases, which increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. This Statement establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources. The effects on the statement of revenues, expenses and changes in net position is not expected to be significant. The provisions of this statement are effective for the College's financial statements for the year ended June 30, 2022.

NOTES TO FINANCIAL STATEMENTS

In March 2020, the GASB issued Statement No. 94, Public-Private and Public-Public Partnerships and Availability Payment Arrangements, to bring a uniform guidance on how to report public-private and public-public partnership arrangements. As a result, transferors in public-private or public-public arrangements will recognize receivables for installment payments, deferred inflows of resources, and, when applicable, capital assets. Operators will recognize liabilities for installment payments and intangible right-to-use assets, and when applicable, deferred outflows of resources and liabilities for assets being transferred. This statement also provides guidance for accounting and financial reporting for availability payment arrangements, in which a government compensates an operator for services such as designing, constructing, financing, maintaining, or operating an underlying asset for a period of time in an exchange of exchange-like transaction. The provisions of this statement are effective for the College's financial statements for the year ending June 30, 2023

In May 2020, the Governmental Accounting Standards Board issued GASB Statement No. 96, Subscription-Based Information Technology Arrangements (SBITAs), which defines SBITAs and provides accounting and financial reporting for SBITAs by governments. This statement requires a government to recognize a subscription liability and an intangible right-to-use subscription asset for SBITAs. The College is currently evaluating the impact this standard will have on the financial statements when adopted. The provisions of this statement are effective for the College's financial statements for the year ending June 30, 2023.

In June 2020, the Governmental Accounting Standards Board issued GASB Statement No. 97, Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans. While this standard had certain aspects impacting defined contribution pension and OPEB plans and other employee benefit plans that were effective immediately, it also clarifies when a 457 should be considered a pension plan or another employee benefit plan to assist in the application of GASB Statement No. 84 to these types of plans. The College's currently evaluating the impact this standard will have on the financial statements when adopted. The provisions of this statement related to 457 plans are effective for the College's financial statements for the year ending June 30, 2022. Early adoption is permitted subject to specific requirements.
