Do you enjoy working with your hands and your mind? Are you looking for gratifying work and portable skills with an in-demand career? There is an immediate need for CNC (Computer Numerical Control) machine operators, who make parts and pieces from raw materials. Learn more about this short-term, six-week training program at Oakland Community College in Auburn Hills that will prepare participants for entry-level CNC machine operator positions. Classes start in September.

## Earn up to two National Institute for Metalworking Skills Certifications and two NC3 Certifications:

- CNC Mill Operator
- CNC Lathe Operator
- Mike Rowe's Workplace Fundamentals

Guaranteed interviews upon successful completion of the program.

## Take advantage of this FREE opportunity to launch a new career!
