

PMP Certification Exam Prep Course

Don't you want to safeguard your training investment when it comes to training? Of course you do! We are a PMI Registered Education Provider, one of a select group of organizations whose course content and instruction have been found to meet the exacting standards of Project Management Institute (PMI), the world's largest project management association. This training provider holds the PMI R.E.P. designation, which is the highest mark of excellence in project management training. R.E.P.s are organizations approved by PMI to offer project management training. R.E.P.s must meet or exceed PMI's rigorous quality standards and requirements.

Because they are aligned with PMI, R.E.P.s are preferred by:

- Organizations seeking to manage their talent and develop effective project teams
- Practitioners seeking certification preparation and continuing education

This intensive exam preparation course will provide participants with the knowledge needed to pass the Project Management Institute's (PMI®'s) Project Management Professional examination (PMP® exam). The course is kept up to date with the framework of knowledge outlined by the Project Management Institute's *PMBOK® Guide*. The instructors (PMP® certified) will share test-taking tips, study strategies, and review of critical materials that will directly assist you in passing the PMP® exam. The course includes a comprehensive workbook and a sample examination. This course meets the 35-hour requirement to take the exam.
