

A Message from the Chancellor

Dear Students:

We are hard at work this week finding ways to keep you on track toward your academic goals. Our faculty are preparing for the shift to remote instruction on Monday, March 23 and our student services teams will continue to serve you, wherever you are. You will hear directly from your instructors about the remote adaptations each is making to course delivery.

We continue to receive directives and recommendations from federal, state, and county authorities and adapt accordingly. You can find the latest information and answers to frequently asked questions at oaklandcc.edu/coronavirus/. Visit often for the most current news.

Important recent changes include:

- [Academic Support Centers](#), [Business Offices](#), [Counseling](#), [Enrollment Services](#) and [Financial Aid](#) are available online for our students. These services remain available on our campuses from 8:30 a.m. to 5 p.m. college-wide effective March 17 until further notice.
- All [Library](#) services are also available online including our 24/7 "Ask a Librarian." OCC's campus libraries are currently closed to students and community members by executive order of the Governor.
- All placement testing is postponed until Monday, March 23.
- To prepare you for success in the transition to online learning, you should take the [Online Learning Readiness](#) course, DIST-1000.

This is a stressful and uncertain time for everyone. We are working very hard to ensure this transition is as smooth as possible and I appreciate your patience during this unprecedented challenge. With a little creativity and cooperation, we will clear the way for you to have a successful semester.

Sincerely,

Peter Provenzano Jr.
