Email Updates

Dear OCC students,

We have heard from many of you regarding OCC's response to the Coronavirus, and would like your further feedback.

Please take a moment now to give us a better understanding of your current circumstances by completing this brief [survey](#), and encouraging other OCC Students to do so as well. Your response will help with a smooth transition from on-campus to at-home learning.

You can find the latest updates and FAQs related to the [Coronavirus](#) and [OCC](#) on our website.

We are focused on ensuring you have a successful semester. Our faculty and staff are preparing to serve you in new ways while doing our part to slow the spread of the virus.

Thanks for your help.
