PEDIATRIC ADVANCED LIFE SUPPORT (PALS) RECERTIFICATION

COURSE DESCRIPTION:

The PALS course is offered for healthcare providers who are currently PALS certified and are in need of renewing their certification. This course will enhance the knowledge and skills required to better recognize and treat critically ill infants and children already achieved in a previous PALS course. A team orientated approach is used to refresh pediatric emergency management of a pediatric patient approaching or already in respiratory or cardiac arrest. PALS emphasizes the importance of basic life support CPR to patient survival, the integration of effective basic life support with advanced cardiopulmonary life support interventions, and the importance of effective team interaction and communication during resuscitation. Each student will receive didactic and case based scenarios within an interactive learning environment.

REALISTIC SIMULATIONS REINFORCE THE FOLLOWING KEY CONCEPTS:

- Recognition and treatment of infants and children at risk for cardiopulmonary arrest
- Systematic approach to pediatric assessment
- Effective respiratory management
- Validate skills for one and two person CPR and AED skills for infants and children
- Defibrillation and synchronized cardioversion
- Performing intraosseous needle insertion and fluid bolus administration
- Effective resuscitation team dynamics

COURSE NAME: Pediatric Advanced Life Support (PALS)

DATE: On Demand

TIME: TBD.

COST: \$175.00

All course payments will be made in class on the first meeting for your convenience. Please make checks payable to Oakland Community College.
