

OAKLAND COMMUNITY COLLEGE

Computer Information Systems- Information Technology

Support Option (CIS.ITS.AAS)

Program Outcomes

2021-2022

Program outcomes represent broad areas of knowledge and skills developed over the duration of the **program** through a wide range of courses and experiences. These learning outcomes represent what a student should be able to know, think, or do upon successful completion of their program at Oakland Community College.

- **Students will use computer support techniques to develop skills in system boot sequences, disk partitioning, and fragmentation based on a rubric.**
- **Students will apply knowledge of the Linux/Unix operating systems using virtual machine software based on a rubric.**
- **Students will apply knowledge of the Windows Server operating systems installation of local area networks with user rights and permissions based upon a rubric**
